Patriotism idea and tribal policy: philosophic discussions of the end XIX - beginning XX centuries in Russia

E.A. Cherkesova

It is considered controversial aspects of understanding the idea of patriotism in the works of K.N. Leontiev. The attention is focused on the priority of religious principle and culture in interpretation of patriotism by K.N. Leontiev, as well as a special understanding of the national policy of protection as the higher religious ideals.

Keywords: *tribal politics, culture and religious principle, Byzantine idea of patriotism, patriotic policy*
