### «Compassion of heart and mind» (220 anniversary of A.S. Pushkin's birth)

**A.V. Belov**

*Dedicated to the anniversary of the great Russian poet A.S. Pushkin, it is presented an assessment of his creativity by N.V. Gogol, Ap. Grigoriev, F.M. Dostoevsky. The article "The Responsiveness of the Heart and the Mind" by Yu.A. Zhdanov is deep in its penetration into Pushkin's legacy in which the author did not "modernize" A.S. Pushkin, but "pushkinized" modernity. He noted that the Russian poet wanted to see his great homeland in the future, scornfully rejected the attacks of ignorant people on its history, criticized idolatry before the West, was proud of the glory of ancestors, the creative activity of Peter I. In the work "State-continent" Yu.A. Zhdanov revealed a powerful impulse of the Pushkin synthesis of cultures of the West and the East, stressed that the harmonic balance of the West and the East is a characteristic feature of the best Russian artists, followers and receivers of A.S. Pushkin.*
