Historical background of the emergence of the modern idea of patriotism

D. Shkavrov

The historical background and development of the idea of patriotism are considered, starting from its ancient roots and ending with reinterpretation in various historical epochs. The historical development of the concept of patriotism and its secular significance at different stages of history is analyzed. The historical roots of the idea of patriotism are shown, the key moments of its development under the influence of Stoicism, Christianity, the late Middle Ages and the Renaissance are revealed. The idea that patriotism is an important element of the identity of a society at different historical stages is substantiated.

Keywords: *patriotism, fatherland, nation, nationalism, the Middle Ages, antiquity, feudalism*
