**ФОРМЫ И ФАКТОРЫ ПОЛИТИЧЕСКОЙ АКТИВНОСТИ МОЛОДЕЖИ:
КЛАССИЧЕСКИЕ КОНЦЕПЦИИ И СОВРЕМЕННЫЕ ИССЛЕДОВАНИЯ****В.М. Барсегян**

Политическая активность молодежи играет важную роль в трансформации социальной системы. Массовые протесты молодежи в разных странах мира, иногда заканчивающиеся революциями, возобновили интерес социологов к этому вопросу. Появились новые формы политического участия, которые требуют рефлексии и концептуализации. Проведен обзор основных концепций политического активизма и выявление основных форм и факторов политического активизма молодежи в современных обществах, что позволит более осознанно проводить работу с молодыми политическими активистами.

Ключевые слова: политическая активность, молодежь, политическое участие, факторы политического участия, формы политического участия.

Political activity of young people plays an important role in the transformation of the social system. Events of recent years: the mass protests of youth around the world, sometimes ending revolutions renewed interest sociologists to this issue. There are new forms of political participation, which require reflection and conceptualization. In this regard, the purpose of this article is to review the basic concepts of political activism and the identification of key factors and forms of political activism of young people in modern societies that allow more consciously work with young political activists.

Key words: political activism, youth, political participation, political participation factors, forms of political participation.
