**Study of the values of the law state by P.I. Novgorodtsev in the context of Russian constitutionalism tradition and theoretical reasoning of subjective rights of the individuality**

***M.A. Isaichev***

*Development of Russian's civil society and law state demands formation of guided by laws relations with people, as well as knowledge by citizens of their rights, freedoms, and responsibilities as self own law values. One of the first in penetrating of this problem on the law-axiology level was P.I. Novgorodtsev. The article considers the main ideas of the conception with respect to the Russian constitutionalism tradition and subjective personal rights founding.*

**Keywords:** *civil society, law state, law values, law-axiology, subjective personal rights*
